

LIMESTONE MINE HEARING CONTINUED TO OCTOBER 15, 2008

Village representatives attended the October 2, 2008 Anderson Township Board of Zoning Appeals hearing on the proposed deep limestone mine. The applicant, Martin Marietta Materials, Inc., was the only interested party who presented testimony on the application at this hearing, and the consideration was eventually continued to October 15, 2008 after over five hours of testimony and cross examination. The October 15th hearing will involve several more Martin Marietta witnesses, other proponent testimony, and then allow for opponent testimony. The Board has indicated that this hearing will begin at 5:30 p.m. and probably also involve a cut off time of 11:00 p.m. The hearing will be at the Anderson Center which is located at 7850 Five Mile Road in Anderson Township.
